

DUNN'S DO'INS CONGO MPH MISSION

05 Jan 2016
Vol 7 Issue 1

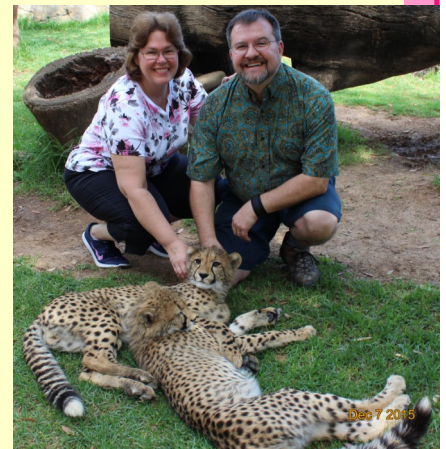

25 Years!

Clay and I recently went on a trip to South Africa to celebrate our 25th wedding anniversary. We spent most of our time in Cape Town and did a little road trip up the Garden Route with some friends who live down there. It was a WONDERFUL 11 days of rest and new memories being made. I highly recommend a trip to Cape Town if you have never been!

This has been a big year for us, in that we both turned 50 and celebrated our 25th Wedding Anniversary. We spent Christmas and New Year's here at MPH, celebrating with various friends around town. We actually threw our 6th Annual Dunn's Christmas potluck here at MPH, that included Wii games, a White Elephant gift exchange and lots of good food. We rang in the New Year with friends while we played Phase 10 and listened to great music.

The MPH Guesthouse was closed for the holidays so we were able to enjoy being in our own "home" and not being constantly disturbed with knocks on the door. It was just us, the cats and the sentry, so we slept in, had coffee in our apartment and enjoyed really fast internet!!

MPH Projects for this year: On tap are two large projects. The first will be to renovate the old downstairs dorm bathroom, into a room with private bath. This has already been started and we hope to have the new room online within a few (Congo) weeks. The second renovation will be the kitchen, which will be big. We have to create a small kitchen next door first and be able to function while all the big work is being done. We are ordering some new appliances and lots of stainless steel counters and tables from the US to come in a container. We will be covering some of the existing counters with stainless steel that we can get locally. So, Clay has his hands full over the coming months. Please be in prayer for him and his team as he continues to improve the building.

To support our mission send funds to:

Appointment Congo

PO Box 98764

Raleigh, NC 27624

Online giving at:
