March 2020

Clay & Cindy Dunn

Faith Missionaries
serving in ministry with
Appointment Congo at the
MPH Guesthouse in
Kinshasa, DR Congo

We first came to Kinshasa for a visit to Cindy's childhood home in 2005. We returned for a short mission trip in 2008 to do a few repairs at MPH Guesthouse (MPH). It was then that the Lord began preparing our hearts for long-term service in the Democratic Republic of Congo.

We arrived at MPH Guesthouse in March 2010 for a term of eighteen months as volunteers, with support pledges from friends and family, to make some building renovations and work with the board of directors and the existing staff to transform the guesthouse into a safer, more comfortable, and improved experience for the clients passing through Kinshasa. Ten years later we have made several changes and improvements, yet we see more work for us in the future. As, such, we continue to rely on the financial support of our friends and family.

Improvements over the years:

- ◆ Water cisterns
- ◆ Menu
- ◆ Quality and price of food and building materials
- ◆ Construction of Business Office
- ◆ Utilization of QuickBooks bookkeeping
- ◆ Construction of Small Conf. Room
- ◆ Remodel of Large Conf. Room
- ◆ Remodel of 9 Executive Rooms
- ◆ Renovation of Men's Dorm Bathroom
- ◆ Renovation of Laundry Room
- ◆ Remodel of 2 Apartments
- ◆ Total update to Kitchen

In addition to our work at the guesthouse, we have both been involved in the leadership of the International Protestant Church of Kinshasa (IPCK). Cindy has been on the Commission of Twelve for several years and Clay has lead worship.

Clay also helps a local health NGO in the purchasing of quality construction materials from local vendors for the building of health centers throughout the country.

We enjoy where God is using us and we are making a difference.

With your continued support, there is more to come...

MPH Guesthouse Kinshasa, Dem. Rep. of Congo

Built in 1968, the Methodist Presbyterian Hostel (MPH) was able to house up to 80 children attending the American school (TASOK) located across the street. The parents of these children were serving in other parts of Congo (Zaire) as representatives for these two denominations. Cindy lived in this building from 1979-1983.

Today, MPH is a mission guest house. Its role is to facilitate the work and travel of mission personnel of many denominations and the broader church community engaged in partnerships or working with NGO's in the Democratic Republic of Congo.

MPH offers a variety of room accommodations and has the capacity to lodge up to 50 people. Our large conference room can hold around 60 people depending on the layout requested. The small conference room works well for up to 12 people. All our rooms have large windows looking out onto a spacious garden.

We hope you'll join us at this quiet oasis. Our prayer is that MPH will be a place where you will make connections, meet kindred spirits, get some rest, and be blessed as you navigate Kinshasa or journey into the interior of the D.R.C
